
Ukooa Lines

ukooa data exchange format - home | moveout data seismic ... - ukooa data exchange format ... ukooa - bin grid definitions page 1 of 25 rev. 3, may 2000 summary the guidelines for the definition of 3d seismic binning grids and the associated data exchange ... parallel lines with a fixed spacing and energy sources are activated at regular intervals. **seg standard exchange formats for positional data** - report on seg standard exchange formats for positional data: geophysics, 48, no. 04, 488-503. 2 of 22 subcommittee on potential fields and positioning standards. all explorationists involved with the acquisition, processing, or interpretation of seismic data should be **pfeer/ukooa regulations - iceweb** - the actual tone patterns are specified in ukooa (uk offshore operators association limited) - guide lines for safety related telecommunication systems on normally attended fixed offshore installations. in summary it states, prepare for evacuation of installation / platform: continuous constant amplitude with varying **ukooa fpso committee tandem loading guidelines volume 2 ...** - ukooa tandem loading guidelines vol 2 the use of towing assistance for tandem offtake ... provide assistance with mooring by towing out the messenger lines and allowing the tanker to grapple for the lines and connected them to the hawser winch whilst still a long way from the fpso. **new position data exchange formats now available** - the ukooa p1/90 and p2/94 position data exchange formats that are commonly used in seismic data acquisition have outlived their design life and can no longer support modern acquisition techniques without adaptation. they have therefore ceased to be standards as each user of the formats has modified them differently, to suit their own purpose. **best practice for the safe packing and handling of cargo ...** - 3.2 this document applies to the safe packing and handling of cargo to and from offshore locations in support of operations on the united kingdom continental shelf (ukcs) or elsewhere if adopted. where these guidelines refer to master or offshore installation manager (oim) this also includes their nominated representatives. **p294 raw marine positioning data - iogp** - ukooa p2/94 version 1.0 page 4 of 119 1. introduction the ukooa p2/91 data exchange format was designed to record positioning data for both 2d and 3d seismic surveys. "raw data" is deemed to be the measurements taken by positioning sensors before the application of **appendix a ukooa p1/90 - springer** - appendix a ukooa p1/90. 290 appendix a.a.i general the data required for conventional 2d seismic surveys is the position of shotpoints (energy source. common mid-point. etc.) as defined in the header. ... • multiple lines per file are allowed, as long as all data and header records are consistent. **rules and regulations for uk - norwegian waters** - iv. united kingdom offshore operators association (ukooa) ukooa is the representative organization for the uk offshore oil and gas industry. its members are companies licensed by the government to explore for and produce oil and gas in uk waters. ukooa's objectives • safety • energy and environment policy **guidelines for the management of flexible hose assemblies** - guidelines for the management of flexible hose assemblies 2nd edition february 2011 published by energy institute, london the energy institute is a professional membership body incorporated by royal charter 2003 **best practice for the safe packing & handling of cargo to ...** - best practice for the safe packing & handling of cargo to & from offshore locations | issue 6 - jan 2015 | 5 ccu cargo guidance dangerous goods by sea carriage of goods by air 9.0 carriage of goods by sea 9.1 introduction 9.2 responsibilities for cargo checks within the supply chain 9.3 general 9.4 cargo handling and shipping equipment **noble rev 02 fpso mooring system denton ... - ukooa** - and after 3 weeks of signal processing a step change of 10 tonnes was noted in the remaining lines thus indicating that the line tension monitor was indeed working correctly and the line had failed. luckily, during and after the failure the conditions were benign and so the rig was not left exposed to a storm in the one line failed condition. **guidance notes for industry** - oguk oil and gas uk formerly known as ukooa oppc offshore petroleum activities (oil pollution, prevention & control regulations 2005 supersedes the prevention of oil pollution act 1971 (popa 1971) opep oil pollution emergency plan oprc oil pollution preparedness, response and co-operation convention - the international agreement requiring the **united states department of the bureau of ocean energy ...** - traverse lines for 3d data and the 3-mile limit when data collection is adjacent to the ocs boundary or other important boundaries as specified by boem. the map should be a cumulative update for each status report and clearly illustrate the planned lines (one color) and the portion of **a new beginning in oil & gas - bbctrade** - up to 500 kv. it is equipped with six modern chain lines for crosslinking polyethylene in xlpe technology. complementary technological lines for producing the abovementioned cables ranging from thick wire drawing machines, cable stranding machines and screening machines to covering lines and two **fiberglass pipe systems - dynaflex research group** - fiberglass pipe systems. ... ukooa iso 14692. grp used in very different markets ... • water injection lines • well head tubing • potable water • sewer lines. wavistrong fittings. laminated elbow. prefabrication (spools) utilisation of prefabricated spools effluent lines - bp u.k. **decommissioning of offshore oil and gas facilities** - institute (psi) to carry out the work. similarly, we are grateful to ukooa, which made the resources available to fund the input of james firebrace. decommissioning of offshore structures is a highly complex and technical exercise. in respect of some kinds of structures it is also in its infancy, so that the necessary **guidelines for the conduct of offshore drilling hazard ...** - offshore drilling hazard site surveys report no. 373-18-1 april 2011 ... water, version 1, previously published under the auspices of the former uk offshore operators association (ukooa), now oil & gas uk. ... guidelines for

the conduct of offshore drilling hazard site surveys no. **access to offshore information: consultation on a possible ...** - access to offshore information: consultation on a possible derogation to standard condition 4e of transco's gas transporter's licence. we refer to your letter of 23rd march 2004 regarding the above subject and have pleasure in responding to it. ukooa represents the 30 companies licensed by government to explore **failure modes, inspection, testing and monitoring** - failure modes, inspection, testing and monitoring 02 issued for information 18-dec-2007 jm rh job ... 90's to 2005. furthermore, there are several hundred kilometres of static flexible flow lines in the norwegian sector of the north sea. flexible risers, umbilicals & cables connected to floaters in norway 0 50 100 150 200 250 300 **a new beginning in oil & gas - powerandcables** - up to 500 kv. it is equipped with six modern chain lines for crosslinking polyethylene in xlpe technology. complementary technological lines for producing the abovementioned cables ranging from thick wire drawing machines, cable stranding machines and screening machines to covering lines and two **when close isn't close enough - blue marble geo** - maintain, and convert seg, sps, and ukooa formatted ascii files to correct and improve improperly formatted data. new in the 2017 release, the seismic qc job performs several quality checks on preplot and poststack seismic lines. 3d coordinate support geographic calculator includes more vertical transformations and geoid **dr graham furnace - oil & gas uk** - insert footer from insert | header & footer menu 3 obesity no need for 'window fit' test maximum limit 149kg and/or bmi 45 must pass 1 mile/15 min walk test if bmi >40, or if **freeware software - ecqc** - a utility to read data written to ukooa/seg p1, or p2, or sps data files, and extract only those lines required by the user. ukooa/seg p1, or p2, or sps data files are positioning files used in geophysical surveys. screenshot. - data file selection, then search string entry by the user. the user selects a suitable file. **oil and gas uk workgroup well suspension and abandonment (wsa)** - oil and gas uk workgroup well suspension and abandonment (wsa) 4th european spe seminar on well abandonment aberdeen, 18th april 2013 jules schoenmakers (shell), on behalf of wsa **united states department of the interior bureau of ... - boem** - united states department of the interior . bureau of ocean energy management ____ (insert appropriate regional office) permit for geophysical prospecting . for mineral resources or scientific research . on the outer continental shelf related to . minerals other than oil, gas, and sulphur **u.k.o.o.a. p1/90 post plot data exchange tape 1990 format** - u.k.o.o.a. p1/90 post plot data exchange tape 1990 format prepared by the surveying and positioning committee for the u.k.o.o.a. exploration committee **new position data exchange formats now available - iogp** - new position data exchange formats now available the ukooa p1/90 and p2/94 position data exchange formats that are commonly used in seismic data acquisition have outlived their design life and can no longer support modern acquisition techniques without adaptation. they have therefore ceased to be standards as each user of the **nova scotial ns100 spec - maps** - post stack navigation - ukooa gravity- on selected lines raw field data/shot ordered radon de-multiple/cdp gathers velocity semblances in promax format raw stack raw migration processed migration stacking velocities (ascii) migration velocities (ascii) processed source-receiver navigation- ukooa **db1 sounders range up to 113 db(a)** - 27 user selectable tones including, pfeer/ukooa tones two stage unit d.c switchable between any two of the 27 tones by either: (i) reversing the polarity of the supply, or (ii) by a 3 wire common +ve system, switching between the two - ve lines note: reverse monitoring is achievable on two stage version by selection of terminals **marine imaging systems sprint data processing & qc** - marine imaging systems flexible design flexible and expandable, sprint is designed as a relational database management system (rdbms) with a structured query language (sql) interface. this rdbms environment enables users to interact in a controlled and audited manner with all data in the database. optimum processing parameters **seismic streamer positioning and water depth computation ...** - 129 seismic lines with parallel line spacings of between 400 metres and 1 km. the ... the final navigation ukooa file contained linename, shot, latitude and longitude. latitude and longitude values were produced to 2 decimal places of an arc second, which was a precision of 0.3 of a metre. **oil and gas uk wlcpg well decommissioning group (wdg) ...** - oil and gas uk wlcpg well decommissioning group (wdg) update on guidelines 5th european spe seminar on well abandonment aberdeen, 21st april 2015 ... • downhole cables and lines : still no solutions • through tubing abandonment workshop in summer 2015 - cover section milling, perforation washing etc. ... **offshore helicopter operations implementation guidelines** - page ii page iii bars offshore helicopter operations implementation guidelines contents figure 1: bars bow tie risk model - schematic of aviation risk management controls **seismic lines offshore mount etna (some) open database** - the seismic lines offshore mount etna (some) database is present-ed. it consists of multichannel high-resolution seismic data acquired in 2005 off-shore mount etna (eastern sicily). we describe first the acquisition of seismic lines and then the architecture of the data base. finally we describe a very basic interpretation of some seismic **customising arcgis desktop - proceedingsri** - esri gis product lines • browser, web and client/server -based solutions - aka 'enterprise' gis - for viewing and querying of reconciled and well-formed datasets • arcgis desktop - still the main (power-user) tool used to knock new data into shape and reconcile it with existing datasets **accounting for earth curvature in directional drilling ...** - 6/2/2010 accounting for earth curvature in directional drilling - spe 96813 11 data format standards • uk offshore operators association - ukooa p7/2000: ascii, intermediate and geodetic data, geodetically unambiguous. • minerals management service - mms p7/2000: required for us federal ocs - clone of ukooa p7/2000 • posc **offshore oil and gas**

references - solent composite s - aberdeen d and mansfield d (2001), 'ukooa draft scope of work for an ignition probability review and model development study', 4 september 2001. aiche (1999), release: a model with data to predict aerosol rainout in accidental releases, d w johnson and j l woodward, american institute of chemical engineers - centre for chemical process safety. **good practice guideline working at height in the offshore ...** - good practice guideline working at height in the offshore wind industry 1st edition november 2014 published by energy institute, london the energy institute is a professional membership body incorporated by royal charter 2003 **an overview of offshore oil and gas exploration and ...** - is intended to be along straight lines, and without lateral dragging although tidal and other currents can cause this to occur. seismic surveys mainly use 2-dimensional or 3-dimensional methodologies: • 2-d seismic utilises a single hydrophone streamer towed behind the survey vessel together with a single source. **gpseismic survey, mapping, and data management applications** - gpseismic® is a suite of survey, mapping, and data management applications to support geophysical exploration. gpseismic applications offer advanced functionality to assist the gnss, ins, and conventional surveyor with a variety of tasks including the following: a wide range of both graphical, numeric and sql based controller **rules for classification and construction i ship technology** - (see rules for classification and construction, i - ship technology, part 0 - classification and surveys). reproduction by printing or photostatic means is only permissible with the consent of germanischer lloyd aktiengesellschaft. **guidelines on the medical examinations of seafarers ilo/imo** - guidelines on the medical examinations of seafarers ii. contents and use of the guidelines the guidelines are arranged in the following manner: part 1 summarizes the purpose and scope of the guidelines, their contents and the background to their preparation, and identifies the main features of a framework for medical **shell processing support format for 3d surveys as adopted ...** - shell processing support format for 3d surveys as adopted by the seg in 1993 seg technical standards committee rev 2.1 the revisions to this document allow this format to conform to the new **to: r/v clearance officer oes/oa room 5805 u.s. department ...** - despite problems with the new ukooa navigation files on the r/v maurice ewing, basic mcs processing sequences, including dip moveout, nmo-stack and migration were carried out onboard on selected dip lines (e.g. fig. 2, 3, & 4). the data clearly show well developed asymmetric graben in the basin and their bounding normal faults. **bondstrand installation ec35155 pdf enligne pdf books** - lines draining tank cleaning salt water. pdf download: marine offshore bondstrand 2000m 7000m glassfibre online reading at nightwitchbodyartbondstrand 2425download bondstrand 2425 ebook pdf:manufacture testing and installation of gre glassfiber reinforced epoxy piping systems the united kingdom offshore operators association ukooa document **orca coverage - reflex - ion geophysical** - • orca coverage and reflex tools provide high data throughput from ukooa p1/90 or sps. lines are imported and sampled in a matter of seconds for immediate display in isolation, in a multi-line swathe, or in the entire data set. in addition, all offset zones can be analyzed simultaneously for offset distribution and/or attributes. **guidance notes on geotechnical investigations for marine ...** - guidance notes on geotechnical investigations rev: osig rev 03 for marine pipelines page 9 of 47 vessel itself or from a separate vessel. in the latter case, the geotechnical vessel can be performing work along the centre line whilst the corridor "wing-lines" are being surveyed. **technical report - ptil** - in the uk the ukooa, in co-operation with institute of petroleum, has issued a guideline for the management of integrity of bolted pipe joints (ref. /1/). the ukooa guideline is intended to provide companies and operators with a framework for management of bolted joints. the essential elements in this guideline are summarised in figure 1.
